Dear Commissions' Secretary:

The LuCa group, inc. submits this petition requesting an exemption from the closed captioning requirements, under Section 79.1 of the Commissions' rules. Our company meets one of the following criteria under Section 79.1. We are a small advertising company that produces infomercials for car dealerships.

For legal reasons, we must display specific disclaimers on the screen. We also display graphics that include prices, and monthly payments on screen. We also display graphics of the model, name, and year of the car on the screen. We also display visual motion maps. These graphics are displayed on the screen through the entire infomercial. This meets the Primarily textual programming criteria in Section 79.1 (4).

Furthermore, close captioning all of our productions will pose an undue burden due to constant changes to our ½ hour infomercials. We produce, edit, & re-edit every day, and we would definitely not be able to meet the deadlines that the television stations require if we were to have to close caption all our tapes. I believe that our programming has textual information already. Everything the spokesperson says is literally on the screen as graphic text.

Sincerely,

Mayra Perez
Traffic Manager
